

A Letter from the Board of Directors

The mission of the Williamsburg House of Mercy is to provide quality compassionate human services to all people, especially the most vulnerable, regardless of faith.

We are excited to announce our new Executive Director, Liz Buckley. Liz has led the organization since March of this year as the Interim Executive Director. Liz hit the ground running by creating a leadership team to focus on the key areas of housing, community outreach, finance, and facilities. She expanded our community engagement through strengthening relationships with our business partners, our agency partners, and our volunteers. She directed our development efforts through successful grant applications, donor activities and expansion of our successful golf tournament.

Liz's background in non-profit development with the Williamsburg House of Mercy along with her corporate background will allow her to lead the organization to serve with compassion those experiencing homelessness, to provide food, financial crisis assistance and supportive services to those struggling to maintain housing as well as to expand services to meet the needs of our community.

We are enthusiastic about our future with Liz and hope you'll join us in congratulating her on this appointment.
